

A Message
From Our
PRINCIPAL

Dear Alumni and Guests,

I am honored to welcome you to our inaugural induction ceremony of the John F. Kennedy High School Athletics Hall of Fame. The purpose of the Kennedy Athletics Hall of Fame is to give lasting recognition to those individuals who have made exceptional achievements and contributions to the prestigious reputation of Kennedy High School in the field of athletics. These individuals have also continued to demonstrate in their lives the values imparted by participation in interscholastic athletics.

Furthermore, it is the purpose of the Athletics Hall of Fame to promote more interest in the Kennedy High School athletics program among the alumni and to display before current students the accomplishments of past athletes who have contributed so much in making Kennedy one of the finest high schools in the nation.

As the Principal of our school, I know firsthand the positive impact high school athletics can have on an individual's future. As a three-sport athlete, my own high school athletics experience taught me life lessons and provided me with wonderful memories that can't be taught inside a classroom. My own high school experience is what inspired me to pursue a career in education.

Since assuming the role of Principal, I am frequently asked what I want most for students. I always reply with the same response, "I just want them to be happy and to enjoy their high school experience". For many of us, athletics is what brought us happiness and enhanced our high school experience. I often tell students that I want them to "make every moment count" and take advantage of all that our school has to offer. It is my hope, that when our current students walk the halls of Kennedy High School, they will see these plaques with your pictures and athletic accomplishments, and it will inspire them to not only participate in athletics but to pursue their dreams and make lifelong memories as a Kennedy Cougar.

Congratulations to all of our new athletic hall of fame inductees and thank you for your outstanding contributions to our schools rich history of excellence.

Sincerely,
Gerard Owenburg
Principal

MICHAEL ABGARIAN

After coaching his team in the college football national championship game, Amos Alonzo Stagg was asked, "What do you think of your team?"

*He responded, "I'll let you know in 20 years."
He knew that his greatest victories as a coach of young people had very little to do with a scoreboard and much more to do with the impact he would have on the rest of their lives.*
