Dear Parents:

Welcome parents of the students who are members of the Class of 2024! The purpose of tonight's program is to provide you with an overview of your child's high school years at Kennedy. The agenda includes graduation requirements, course selection, timelines for testing and post-secondary planning. Information on clubs and activities will also be discussed.

During the evening, you will have the opportunity to hear from your child's school counselor in a virtual setting, see their presentation, and ask questions. Please keep this guidebook as a handy reference to use throughout the year as it contains important information and resources for you and your child.

Enjoy the evening!

Sincerely,

Vincent Pisano
Assistant Principal

ROLE OF SCHOOL COUNSELOR

The following functions of the school counselor are developmental and impact on all grade levels:

- **Academic Improvement and Planning:** includes the selection of a plan of study, placement into appropriate courses and programs, attendance improvement, and developing study skills as well as peace-making strategies, and promoting prejudice reduction and compassion.
- **Personal/Social Growth:** includes counseling focused on building self-esteem, communication skills, decision-making and relationship skills, as well as promoting peace-making strategies, prejudice-reduction and compassion.
- **Crisis Intervention:** includes counseling students in crisis and providing referrals necessary.
- **Transitional Services:** orients students as they move from grade to grade, as well as from school building to school building, to provide a comfortable and success-oriented learning environment.
- **Parent Support:** assists parents in understanding the full complement of educational services, which may be available to help their students reach their goals and maximize their potential.
- **Career/Life Planning:** increases students' awareness of the career and educational planning process and of individual careers themselves while instilling in students the values and attitudes necessary for becoming successful contributors to their families and to society.
- **Consultation:** includes serving as a reference and resource regarding student and school issues for the school's Pupil Personnel Services Team (psychologists, social workers, teachers, nurses, administrators) and the community, as well as for local state agencies, mental health offices/clinics, and other professionals designated by parents/guardians and/or the school district.

EXTRA HELP

EXTRA-HELP SCHEDULE: Extra help sessions will be available to students in various formats and should be coordinated with the teacher. Sessions may be virtual either before or after school, while in person sessions will be solely after school.

NATIONAL HONOR SOCIETY: Students are eligible for election to the National Honor Society in the spring of their junior year. Qualifications are scholarship (overall unweighted average of 87.5% or higher), character, leadership, and service to the school. Students have a second opportunity to qualify in the fall of their senior year. An unweighted average of 87.5% is needed at that time, as well. Students must show considerable involvement in school organizations to be elected to National Honor Society.

The Kennedy Guidance website includes a tremendous amount of information regarding the school, upcoming events and guidance programs. Parents can access up to date information on programs and events, in addition to finding helpful and important links for college and career planning. A “must see” for all Kennedy parents.

GUIDELINES FOR PARTICIPATION IN EXTRA-CURRICULAR ACTIVITIES

The Bellmore-Merrick Central High School District provides the opportunity for students to participate in a wide range of extra-curricular activities. Staff members encourage students to cultivate their interests, demonstrate their skills, acquire new skills, and develop leadership potential. Since participation in these voluntary activities is both desirable and meritorious, students, as representatives of the school, must maintain an acceptable level of academic performance and display appropriate behavior and good citizenship in and out of the classroom. Students must be in school by Period 4 in order to participate in any extra-curricular activity. In addition, any student suspended, in school or out of school, is not allowed to participate in the after-school program for the duration of the suspension. Any alcohol/drug related suspension will lead to dismissal from a sports team and/or the equivalent suspension from an extra-curricular activity. Additionally, students must be in good standing as per the District Eligibility Policy for Extracurricular, Co-Curricular and Interscholastic Activities.

The following lists of school activities are considered when students apply for the National Honor Society:

Intramural activities are offered each season based on student interest; these include such activities as basketball and weight training.
