**Re: New York State Education Department
2022 Series Scholarships for Academic Excellence**

Each year, the New York State Education Department awards a number of \$1,500 and \$500 Scholarships for Academic Excellence. This year eight Mepham students will be nominated to win scholarships. One student will be nominated to win a scholarship of \$1,500 and seven students will be nominated to win a scholarship of \$500.

Scholarship winners must attend a college or university in New York State. Those who do not attend a college or university in New York State forfeit the award.

Due to the exemptions that students received on a number of Regents exams over the last two years, undisclosed class rank will be used to determine eligibility for the 2022 scholarships in accordance with New York State Education guidelines.

This notification is for your information only. The school itself determines the nominees and files the application forms. *If the New York State Legislature appropriates the necessary funds for these scholarships, award letters will be sent to each high school for distribution to students, rather than to each recipient of an award.*

If it is determined that you are eligible for this scholarship, you will be notified by Mrs. Gembara, Counseling Center secretary.
