

## SPECIAL EDUCATION STUDENTS

### Special Education Students

Resolved that: the following recommendation dealing with the placement of students with disabilities be adopted.

#### 1. In District Placements

The Committee on Special Education, chaired by the Director of Special Education, using all diagnostic information available shall make all recommendations for the placement of students with disabilities who will receive their education in district classes. The Board of Education by resolution shall approve these placements and any necessary transportation.

#### 2. BOCES- Special Education Placements

The Committee on Special Education after the same careful deliberation as indicated in paragraph one, shall make the recommendation for the placement of students with disabilities who will receive their education in classes operated by the Board of Cooperative Education Services. The Board of Education then be resolved, shall provide approval for the expenditure of tuition and transportation funds.

#### 3. Private Special Education School- Day & Residential

The Committee on Special Education after careful deliberation shall make the recommendation for the placement of students with disabilities who will require and receive their education in Private Special School day classes and residential school classes approved by the Commissioner.

The Board of Education will empower by resolution, the President of the Board of Education to sign a vendor contract, thereby giving approval to have the District enter into contract of services and for the approval of funds for such services.
