

COCURRICULAR AND EXTRACURRICULAR PROGRAMS

The Board of Education recognizes the educational values inherent in student participation in the extracurricular life of the school, and encourages such participation. It is committed to the assignment of staff for the formation of student groups for such purposes as building social relationships, developing interests in an academic area, and gaining an understanding of the elements and responsibilities of good citizenship.

Student safety during after-school activities is the responsibility of staff members assigned to those activities. This responsibility for safety, including procedures for the care of students if injuries should occur, applies at the home school and at away events. Planning for safety and possible emergencies shall be done jointly by coaches, advisors, and the Building Principal.
